

## Qualification

- B.E.,(Electrical And Electronics)
- M.E.,(Power Systems Engineering)

## Papers Published

- Presented a paper “A High Efficient Boost Converter for AC Photovoltaic Module with P&O MPPT Control “ in the National Conference on “Power Communication and Technology – 2k13” at Aksheya college of engineering and technology, Chennai.
- Presented a paper “Adaptive PSO based with Economic Emission Load Dispatch” International Conference at Thiruvalluvar college of Engineering and Technology in the year March 2012.

## National Level Workshop & Short Term Course

- To attend technical seminar on “Recent Trends in Robotics & Industrial Automation” at IEEE Madras Section.
- To attend technical seminar on “Control Systems used in Real time Applications” at IEEE Madras Section.
- To attend two day DRDO sponsored National level workshop on “Power Quality Issues and Improvement” 2 days at PSG college of Engg and Tech.
- To attend one day National level workshop on “FACTS Controller applications and transmission systems” SCSVMV, Kanchepuram.
